# Subject Index Volume 25

January (p 1-138); February (p 139-264); March (p 265-380);  
 April (p 381-510); May (511-624); June (625-744).  
 E = Editorial; HM = Historical Milestone; LE = Letter to the Editor.

## A

- A wave
  - in atrial septal defect, 381
  - in isolated mitral stenosis, 395
- Abstracts
  - from Nineteenth Annual Scientific Session, American College of Cardiology, 81
  - from Young Investigators' Awards competition, 374
- "Acellular foci" and cystic medial necrosis, 411
- Acetylcholine and embryonic heart, 285
- Age and cystic medial necrosis of ascending aorta, 411
- Alveolitis, fibrosing, and hepatic cirrhosis, 494
- American College of Cardiology
  - Abstracts
    - from Nineteenth Annual Scientific Session, 81
    - from Young Investigators' Awards competition, 374
  - ACCESS, new appointments to, C-55
  - Admission requirements revised, E-40
  - Award winners, 19th annual session, F-49
  - Board of governors, 1970, F-35
  - Continuing medical education
    - advance programs
      - calendar of, 1970, A-67, B-15, C-14, D-20, E-16, F-37
      - auscultation, phonocardiography and pulse tracings: a workshop, B-28
      - cardiac diagnosis, C-34
      - cardiology for the consultant: a clinician's retreat, B-25
      - clinical applications in cardiac testing, C-47, D-25, E-37
      - computers in cardiovascular disease: detection and research, C-31
      - electrocardiographic interpretation of arrhythmias: a physiologic approach, A-70, B-25
      - heart failure; mechanisms and treatment, C-41
      - mechanisms and therapy of cardiac arrhythmias, F-44
      - new directions in coronary care for the 1970's, B-41, C-19
      - perspectives in cardiology, A-69, B-16
      - preventive myocardiology, D-34, E-38
      - principles of cardiac therapy, C-34
      - the clinical pharmacology of cardiovascular drugs, B-45, C-23
      - the Soma Weiss memorial symposium, B-49, C-26
      - training course and workshop of phonocardiography, A-68
    - attendance, E-47
  - Dr. William A. Sodeman installed as president, American College of Cardiology, 1970-1971, C-15
  - In Pakistan, A-70
  - Membership
    - gains in, E-47
    - new, D-43
  - Nineteenth Annual Scientific Session
    - advance program, A-14
    - award winners, F-49
    - highlights of, F-60
  - Obituaries,
    - Arnold CH, D-51
    - Bodlander JW, B-52
    - Fazekas JF, B-59
    - Hickam, JB, E-48
  - Obituaries
    - Lipschultz BM, D-51
    - Michels, NA, B-59
    - Ray DE, D-51
    - Sampson, JP, E-48
    - White, AW, E-50
  - Personals, A-70, B-52, C-55, D-51, E-47
  - President's page,
    - The spirit of New Orleans, D-19
    - The welcome mat is out at Rivergate, A-13
  - Twentieth Annual Scientific Session, announcement of, F-84
  - Young Investigators, Awards Competition
    - announcement of, F-85
    - winners of, F-57
  - Amino acid transport in embryonic chick heart nuclei, 300
  - Anatomy
    - of cardiac conduction system, 213
    - of developing heart, 141
    - pathologic, in tricuspid atresia, 18
  - Aneurysm
    - aortic, and Marfan's syndrome, 483
    - left ventricular
      - after postmyocardial infarction syndrome, 349
      - and focal displacement cardiograph, 443
  - Angina pectoris and effect of glyceryl trinitrate, 53
  - Angiographic contrast media and cardiac function, 59
  - Angiocardiography
    - in diagnosis of tricuspid valvular stenosis, 252
    - left ventricular, before valvular heart surgery, 401
  - Anomalous origin of the coronary arteries, 474
  - Anomalous pulmonary venous drainage to left innominate vein, diagnosis of, 238
  - Anterior septal artery, conduction disturbances after ligation of, 552
  - Antiarrhythmic action
    - of bretylium tosylate, 461
    - of glucagon, 683
  - Antiarrhythmic agents (see specific agent)
  - Aorta
    - ascending, cystic medial necrosis of, 411
    - calcification of, and coronary artery disease, 404
    - spectrum of dextroposition of, 272
  - Aortic insufficiency and heart block in rheumatoid spondylitis (LE), 623
  - Aortic pressure
    - and intraaortic balloon counterpulsation, 546
    - and isovolumic contraction time, 434
  - Aortic stenosis
    - calcific, and left heart catheterization, 359
    - with subaortic stenosis (LE), 620, 621
  - Aortic valve
    - calcium embolus from, and occlusion of left femoral artery, 359
    - homograft, and nonthrombogenic left ventricular bypass unit, 450
    - replacement, 483
      - comparison of valves in, 535
  - Apex cardiogram in left atrial myxoma, 353
  - Arrhythmias
    - after ligation of anterior septal artery, 552
    - and phasic right ventricular flow velocity, 649
    - atrial or ventricular pacing for, 698
    - beta adrenergic blockade in, 467

- Arrhythmias**  
 digitalis-induced, and ventricular stimulation, 428  
 glucagon in, 683  
 in generalized lentigo, 501  
 pacemaker-induced, 247  
 postoperative and bretylium tosylate, 461  
 ventricular, and ventricular pacing, 467  
**Arterial hypoxemia in myocardial infarction**, 511  
**Artery** (see specific artery)  
**Ascending aorta, resection of aneurysm of**, 483  
**Asplenia syndrome and dextrocardia**, 420  
**Asymmetry of embryonic heart**, 265  
**Atrial fibrillation**  
 and pacing for tachycardias, 698  
 concealed conduction during, 416  
**Atrial pacing** (see *Pacing, atrial*)  
**Atrial rate and pacing for tachycardias**, 698  
**Atrial septal defect**  
 and Holt-Oram syndrome, 11  
 right atrial flow velocity in, 381  
**Atrioventricular junction and pre-excitation**, 690  
**Atrioventricular node, development of**, 213  
**Atrium, giant left, obstructing inferior vena cava**, 716  
**Atropine**  
 after bradycardia following acute coronary venous hypertension, 571  
 in embryonic heart, 285  
**Auscultation, clinical, teaching of, (LE)**, 379  
**Autoimmune disease and Takayasu's arteritis**, 258  
**Autorhythmicity in embryonic and neonatal heart**, 293

## B

- Bacteremia with left atrial myxoma**, 353  
**Bacterial endocarditis**  
 after open heart surgery, 602  
 in drug addict, 602  
**Ball valves in aortic valve replacement**, 535  
**Beta adrenergic blockade in ventricular tachycardia**, 467  
**Bifid systolic apical impulse and left atrial myxoma**, 353  
**Biochemical differentiation of isolated embryonic and neonatal cells**, 293  
**Blood, coronary venous, after acute experimental coronary arterial occlusion**, 562  
**Blood pressure**  
 in type IV hyperlipoproteinemia, 642  
 postexercise, after sympathetic blockade, 329  
**Blood velocity, phasic right ventricular, radiotelemetry of**, 649  
**Boerhaave on inflammation—I and II (HM)**, 244,  
**Bretylium tosylate in postoperative arrhythmias**, 461  
**Buccal smear in Turner syndrome**, 639  
**Bundle branch block**  
 bradycardia-dependent, 727  
 in generalized lentigo, 501  
**Bypass tracts in pre-excitation syndrome**, 690

## C

- C wave in isolated mitral stenosis**, 395  
**Cardiac catheterization** (see *catheterization*)  
**Cardiac cell membrane specializations**,

- Ultrastructural characteristics of the mammalian and sauropsidan heart, 195
- Ultrastructure of intercellular junctions in adult and developing cardiac muscle, 169
- Surgery
  - and ventricular pacing, 467
  - cardiac transplantation, catheterization findings after, 523
  - in aneurysm of ascending aorta, 483
  - in aortic regurgitation, 483
  - in coarctation of aorta in infants, 405, 507 (E)
  - in combined mitral and aortic valve disease, mortality after, 588
  - in coronary artery disease, 401
  - in Marfan's syndrome, 483
  - in mitral valve disease, 349, 588, 602
  - in postmyocardial infarction syndrome, 349
  - in pre-excitation syndrome, 690
  - in pulmonary thromboembolic disease, 495
  - in ventricular septal defect, 457
  - open heart, bacterial endocarditis after, 602
- Sympathetic blockade, exercise hypotension after, 329

## T

- T system in myofibers of mammalian cardiac ventricular fibers, 195
- T wave
  - and pacemaker-induced repetitive firing, 247
  - inversion of, "silent", relation to cardiovascular disease, 325
- Tachycardia
  - ectopic, electrical pacing for, 698
  - in pre-excitation syndrome, 690
  - pacemaker-induced, 247
- Takayasu's arteritis, unusual findings in, 258
- Teaching
  - criteria for (E), 227
  - of clinical auscultation (LE), 379
- Thermal dilution method in determination of cardiac output, 579
- Thromboembolism in aortic valve replacement, 535
- Thumb, anomalies of, and congenital heart disease, 11
- Tight junction in developing cardiac muscle, 169
- Transplant valves in aortic valve replacement, 535
- Transplantation, cardiac, catheterization findings after, 523
- Transverse tubules, function, of, in cardiac muscle, 190
- Tricuspid atresia,
  - after infancy, 723
  - electrocardiogram and vectorcardiogram in, 18
- Tricuspid valvular stenosis, isolated, 252
- Triglycerides in type IV hyperlipoproteinemia, 642
- Turner stigmata and cardiovascular disease, 639

## U

- Ulcerative colitis and Takayasu's arteritis, 258
- Ultrasonic catheter-flowmeter in measurement of right ventricular blood velocity, 649
- Ultrasonic flowmeter telemetry system in measurement of right atrial velocity, 381

- Ultrastructure of heart (see Symposium on Development and Ultrastructure of the Embryonic Heart)
- Uric acid, serum, during physical training, 46

## V

- Valsalva maneuver and phasic right ventricular flow velocity, 649
- Valve
  - disease (see also specific type)
    - combined mitral and aortic, 588
  - replacement
    - and coronary artery disease, 401
    - and postoperative arrhythmias treated by bretylium, 461
- Vascular resistance and glyceryl trinitrate, 53
- Vectorcardiogram and electrocardiogram in tricuspid atresia, 18
- Venous return, reduction of, and cardiac output, 662
- Ventricle
  - left
    - aneurysm of
      - after postmyocardial infarction syndrome, 349
      - and focal displacement cardiograph, 443
    - bedside catheterization of, 66
    - double inlet, in embryonic chick heart, 272
    - in combined mitral and aortic valve disease, 588
    - in tricuspid atresia, 18
  - right
    - double outlet, in embryonic chick heart, 272
    - muscle-bound, and second heart sound, 28
- Ventricular automaticity and glucagon, 683
- Ventricular cells in neonatal rat heart, 292
- Ventricular diastole, pacemaker stimuli during, 247
- Ventricular ectopic beats and the first heart sound, 529
- Ventricular excitation (E), 734
- Ventricular fibrillation complicating internal mammary artery opacification (LE), 376
- Ventricular filling pressures and cardiac output, 662
- Ventricular function and reduction of venous return, 662
- Ventricular hypertrophy, left, in primary myocardial disease, 625
- Ventricular mechanical performance and intraaortic balloon counterpulsation, 546
- Ventricular pressure
  - in isolated mitral stenosis, 395
  - left, in primary myocardial disease, 625
- Ventricular pulse contour in primary myocardial disease, 625
- Ventricular rate and concealed conduction during atrial fibrillation, 416
- Ventricular septal defect
  - bacterial endocarditis after repair of, 602
  - indications for operative closure of, 457
  - with pulmonic stenosis, diagnosis of, 238
- Vulnerability and pacemaker-induced repetitive firing, 247

## W

- Wedensky effect and pacemaker-induced repetitive firing, 247
- Wire fracture and pacemaker-induced extracardiac sound, 367
- Wolff-Parkinson-White syndrome, 690, 734(E),
  - electrical pacing for, 690

## X

- XO/XX Turner mosaic, 639

## Z

- Z wave in isolated mitral stenosis, 395

## February

## Symposium on Development and Ultrastructure of the Embryonic Heart. Part One

Robert L. DeHaan, Guest Editor

- 139 Cardiac Development: A Problem in Need of Synthesis . . . . . Robert L. DeHaan
- 141 Developmental Landmarks in Cardiac Morphogenesis: Comparative Chronology . . . . . Norman J. Sissman
- 149 Histogenesis of the Embryonic Myocardium . . . . . Francis J. Manasek
- 169 Ultrastructure of Intercellular Junctions in Adult and Developing Cardiac Muscle . . . . . N. Scott McNutt
- 184 Comparative Ultrastructure of Cardiac Cell Membrane Specializations. A Review { Joachim R. Sommer  
E. A. Johnson
- 195 Ultrastructural Characteristics of the Mammalian and Sauropsidan Heart . . . . . Reiji Hirakow
- 204 The Morphologic Development of the Sinoatrial Node in the Mouse . . . . . { L. H. S. Van Mierop  
Ira H. Gessner
- 213 Cardiac Conduction System: Fetal and Postnatal Development. . . . . Thomas N. James

## End of Part I of Symposium

- 227 What Is a Good Teacher? . . . . . J. Willis Hurst
- 228 Localization of A-V Conduction Defects in Man by Recording of the His Bundle Electrogram. . . . . { Onkar S. Narula  
Lawrence Sanford Cohen  
Philip Samet  
John W. Lister  
Benjamin Scherlag  
Frank J. Hildner
- 238 Diagnosis of Congenital Cardiac Defects with Use of a Fiberoptic Catheter-Pressure Cinetrace System . . . . . { Lawrence Sanford Cohen  
Dean T. Mason  
James H. Gault  
John Ross, Jr.  
Eugene Braunwald
- 244 Boerhaave on Inflammation—I . . . . . Saul Jarcho
- 247 Repetitive Firing Produced by Pacemaker Stimuli Falling After the T Wave . . . . . { Agustin Castellanos, Jr.  
Louis Lemberg  
Azucena G. Arcebal  
Barough V. Berkovits  
Otto Hernandez-Pieretti
- 252 Isolated Tricuspid Valvular Stenosis. . . . . { John F. Keefe  
Michael J. Wolk  
Herbert J. Levine
- 258 Takayasu's Arteritis. Report of a Case with Unusual Findings . . . . . { Mark Soloway  
Thomas W. Moir  
Donald S. Linton, Jr.
- B-15 College News

## March

## Symposium on Development and Ultrastructure of the Embryonic Heart. Part Two

Robert L. DeHaan, Guest Editor

- 265 Mechanism of Dextral Looping of the Embryonic Heart . . . . . Helge Stalsberg
- 272 Experimental Production of Cardiac Defects: The Spectrum of Dextroposition of the Aorta . . . . . { Ira H. Gessner  
L. H. S. Van Mierop
- 279 Physiologic Development of Impulse Conduction in Embryonic Cardiac Tissue . . . . . Melvyn Lieberman

# CONTENTS

- 285 Acetylcholine and the Embryonic Heart. . . . . { Edouard Coraboeuf  
Genevieve Obrecht-Coutris  
Georges Le Douarin
- 292 Differentiation and Behavior of Isolated Embryonic and Neonatal Heart Cells  
in a Chemically Defined Medium . . . . . { Willi Halle  
Albert Wollenberger
- 300 Studies on Nuclear Amino Acid Transport and Cation Content in Embryonic  
Myocardium of the Chick . . . . . { Richard L. Klein  
Charles R. Horton  
Asa Thurston-Klein

## End of Symposium

- 311 Prediction of Impending Pacemaker Failure in a Pacemaker Clinic. . . . . { Victor Parsonnet  
George H. Myers  
Lawrence Gilbert  
I. Richard Zucker
- 320 Normal Electrocardiogram in the Presence of Severe Coronary Artery Disease { Marco A. Martinez-Rios  
Braz C. Bruto Da Costa  
Felipe A. Cecena-Seldner  
Goffredo G. Gensini
- 325 The Relation of "Silent" T Wave Inversion to Cardiovascular Disease in an  
Epidemiologic Study . . . . . Leon D. Ostrander, Jr.
- 329 Mechanism of Exercise Hypotension After Sympathetic Blockade . . . . . { Ibrahim M. Khatri  
Jay N. Cohn
- 339 Effects of Digitoxin on the Development of Cardiac Hypertrophy in the Rat  
Subjected to Chronic Exercise . . . . . Earl E. Aldinger
- 344 Variations in Discharge Rate of Demand Pacemakers Not Due to Malfunction { John A. Kastor  
Barouh V. Berkovits  
Roman W. DeSanctis
- 349 Postmyocardial Infarction Syndrome Followed by Left Ventricular Aneurysm  
with Papillary Muscle Dysfunction . . . . . { David A. Berman  
Jerome T. Grismer
- 353 Left Atrial Myxoma with Bacteremia. Report of a Case with a Bifid Systolic  
Apical Impulse . . . . . { Christopher I. Malloch  
Joseph A. Abbott  
Elliot Rapaport
- 359 Total Occlusion of the Left Femoral Artery by a Calcium Embolus from a  
Heavily Calcified Aortic Valve. An Unusual Complication of Left Heart  
Catheterization Treated by Embolectomy . . . . . { Magdi H. Yacoub  
Mario Lise  
Raphael Balcon
- 362 Pacemaker Sound and Its Origin . . . . . Wolfgang F. Kluge
- 367 Mechanisms and Significance of Pacemaker-Induced Extracardiac Sounds . . . { David H. Kramer  
Arthur J. Moss  
Pravin M. Shah
- 372 Pacemaker Arrhythmias in Context . . . . . Agustin Castellanos, Jr.

## 374 Abstracts

## 376 Letters to the Editor

Ventricular Fibrillation Complicating Internal Mammary Artery Opacification  
A Simple Diagram for Analysis of Conduction Along the Three  
Atrioventricular Fascicles  
Hemoglobin "Abnormality": Perhaps Result Rather Than Cause of Hypoxia  
Teaching Clinical Auscultation

## C-14 College News

## 380 Instructions for Authors

## April

- 381 Right Atrial Flow Velocity in Patients with Atrial Septal Defect ..... { Alberto Benchimol  
Egeu C. Barreto  
John L. Gartlan
- 387 Scintiangiocardiology in Children. Rapid Sequence Visualization of the Heart  
and Great Vessels After Intravenous Injection of Radionuclide ..... { Thomas P. Graham, Jr.  
Jack K. Goodrich  
Arvin E. Robinson  
C. Craig Harris
- 395 The Left Atrial Pressure Pulse of Mitral Stenosis in Sinus Rhythm ..... { Charles F. Wooley  
Karl P. Klassen  
Richard F. Leighton  
Richard S. Goodwin  
Ronald P. White  
Joseph M. Ryan  
with the technical assistance of  
George F. Rieser
- 401 Incidence of Significant Coronary Artery Disease in Rheumatic Valvular  
Heart Disease ..... { Elliott H. Coleman  
Louis A. Soloff
- 405 Recurrent Coarctation of the Aorta After Successful Repair in Infancy ..... { Alexis F. Hartmann, Jr.  
David Goldring  
Antonio Hernandez  
M. Remsen Behrer  
Nikolaus Schad  
Thomas Ferguson  
Thomas Burford  
with the technical assistance of  
Charles Crawford
- 411 Cystic Medial Necrosis of the Ascending Aorta in Relation to Age and  
Hypertension ..... { Robert G. Carlson  
C. Walton Lillehei  
Jesse E. Edwards
- 416 Concealed Conduction During Atrial Fibrillation ..... { Stafford I. Cohen  
Sun H. Lau  
Walter D. Berkowitz  
Anthony N. Damato
- 420 Cardiac Rhythms in Dextrocardia ..... { Kazuo Momma  
Leonard M. Linde
- 428 Effects of Ventricular Stimulation and Potassium Administration on  
Digitalis-Induced Arrhythmias ..... { Robert Zelis  
Dean T. Mason  
James F. Spann, Jr.  
Eugene Braunwald
- 434 True Isovolumic Contraction Time. Its Correlation with Two External  
Indexes of Ventricular Performance. .... { Clyde C. Metzger  
Cheen Been Chough  
Frank W. Kroetz  
James J. Leonard
- 443 Focal Displacement Cardiography for Bedside Detection of Myocardial  
Dyskinesis. .... Aaron Valero
- 450 Left Ventricular Bypass: A New Nonthrombogenic Device with Homograft  
Aortic Valves ..... { Akio Wakabayashi  
Donald Yim  
William Dietrick  
Jun-ichi Hirai  
John E. Connolly
- 457 Conquest of the Ventricular Septal Defect—A Period of Uncertainty. .... Arthur J. Moss
- 461 Effect of Bretylium Tosylate on the Prevention and Treatment of  
Postoperative Arrhythmias ..... { Aldo R. Castaneda  
Marvin B. Bacaner
- 467 The Use of Ventricular Pacing for Suppression of Ectopic Ventricular Activity { Barry M. Beller  
Morris N. Kotler  
Richard Collins
- 474 Congenital Anomalies of the Coronary Arteries ..... John A. Ogden

# CONTENTS

480	Boerhaave on Inflammation—II .....	Saul Jarcho
483	Marfan's Syndrome with Aneurysm of Ascending Aorta and Aortic Regurgitation. Surgical Treatment and New Histochemical Observations .....	{ Panagiotis N. Symbas Brian J. Baldwin Mark E. Silverman John T. Galambos
490	Cyanosis Complicating Hepatic Cirrhosis. Report of a Case Due to Multiple Pulmonary Arteriovenous Fistulas .....	{ Mamdouh El Gamil John B. Stoker Elizabeth M. Spiers William Whitaker
495	Peripheral Pulmonary Artery Stenosis Secondary to Chronic Pulmonary Thromboembolic Disease .....	{ Manuel P. A. Claudio Marcos Barrocas Roque Pifarré William E. Neville William R. Meadows John T. Sharp
501	Generalized Lentigo: Electrocardiographic Abnormalities, Conduction Disorders and Arrhythmias in Three Cases .....	{ Raphael F. Smith Louis U. Pulicicchio Alden V. Holmes
507	Surgery for Coarctation of the Aorta in Infants .....	Robert E. Gross
509	Left Ventricular Bypass in Acute Cardiac Decompensation .....	Ira J. Gelb
<b>College News</b>		
D-19	President's Page: The Spirit of New Orleans .....	William A. Sodeman

## May

511	Left Ventricular Failure in Acute Myocardial Infarction .....	{ Benjamin W. Lassers Michael George John L. Anderton Michael R. Higgins Thomas Philp
523	Cardiac Catheterization Findings at Rest and After Exercise in Patients Following Cardiac Transplantation .....	{ Lucien Campeau Luisa Pospisil Pierre Grondin Ihor Dyrda Gilles Lepage
529	The First Heart Sound and the Dynamic Events in Ventricular Ectopic Beats and in Paced Beats .....	{ Aldo A. Luisada Gabriel Gagnon Hiroshi Ikeda
535	Comparative Analysis of the Starr-Edwards Ball Valve, the Kay-Suzuki Disc Valve and Transplant Valves in the Surgical Correction of Aortic Valve Disease .....	{ Earle B. Kay Akio Suzuki Aaly Tambi Martial Demaney Henry A. Zimmerman
546	Alteration of the Mechanical Performance of the Ventricle by Intraaortic Balloon Counterpulsation .....	{ Charles W. Urschel Leslie Eber James Forrester Jack Matloff Robert Carpenter Edmund Sonnenblick
552	Atrioventricular Conduction Following Ligation of the Anterior Septal Artery in the Dog: An Electrocardiographic, Histopathologic and Histochemical Study .....	{ Jerald Jackrel Jay A. Miller Frederick G. Schechter Stanley Minkowitz Jackson H. Stuckey
562	Comparison Between Metabolic Changes in Local Venous and Coronary Sinus Blood After Acute Experimental Coronary Arterial Occlusion .....	{ Patricia Owen Michael Thomas Val Young Lionel Opie

571 Hemodynamic Responses Initiated by Coronary Stretch Receptors with Special Reference to Coronary Arteriography .....	{ Richard P. Carson Ralph Lazzara
579 Simultaneous Determinations of Cardiac Output by Thermal Dilution, Fiberoptic and Dye-Dilution Methods .....	{ Rajinder Singh Alfred J. Ranieri, Jr. H. Ryland Vest, Jr. Donald L. Bowers J. Francis Dammann, Jr.
588 Combined Mitral and Aortic Valve Disease .....	{ Abdel K. Terzaki Dennis V. Cokkinos Robert D. Leachman James B. Meade Grady L. Hallman Denton A. Cooley
602 Bacterial Endocarditis Following Open Heart Surgery .....	{ Rex B. Shafer Wendell H. Hall
608 Endocarditis in the Drug Addict .....	{ Ruth G. Ramsey Rolf M. Gunnar John R. Tobin, Jr.
619 Studying Cardiovascular Performance in Acute Myocardial Infarction .....	Alberto Benchimol
<b>Letters to the Editor</b>	
620 Coexistent Aortic and Subaortic Stenosis—I .....	Tsung O. Cheng
621 Coexistent Aortic and Subaortic Stenosis—II .....	{ George Massing Jerome Liebman
621 Concealed Extrasystoles .....	H. David Friedberg
633 Heart Block and Aortic Insufficiency in Rheumatoid Arthritis .....	Herman O. Klein
E-16 College News	

## June

625 Primary Myocardial Disease. Clinical, Hemodynamic and Angiocardiographic Correlates in Fifty Patients .....	{ Robert I. Hamby Pablo Catangay Oriando Apiado Abdul Hafiz Khan
635 The Differential Diagnosis of Restrictive Mycardiopathy and Chronic Constrictive Pericarditis Without Calcification. Value of Coronary Arteriography .....	{ Howard W. Ramsey Sheldon Sbar Larry P. Elliott Robert S. Eliot
639 Characteristic Cardiovascular Anomalies of XO Turner Syndrome, XX and XY Phenotype and XO/XX Turner Mosaic .....	{ James J. Nora Francisco G. Torres Anil K. Sinha Dan G. McNamara
642 Metabolic Effects of Exercise in Patients with Type IV Hyperlipoproteinemia	{ Rune Sannerstedt Shafeek S. Sanbar James Conway
649 Radiotelemetry of Phasic Right Ventricular Blood Velocity in Man .....	{ Alberto Benchimol Stephen Tio John L. Gartlan
655 Shunts Between the Coronary and Pulmonary Arteries with Normal Origin of the Coronary Arteries .....	{ Fredarick L. Gobel Calvin F. Anderson Harold A. Baitaxe Kurt Amplatz Yang Wang
662 Patterns of Cardiac Output Response to Acute Reduction of Ventricular Preload and Afterload Pressures .....	{ Constantine Potanin Bruce Sinclair-Smith

# CONTENTS

670	Systemic and Coronary Hemodynamic Effects of Glucagon .....	George G. Rowe
675	Hemodynamic Effects of Glucagon and Intraaortic Balloon Counterpulsation in Canine Myocardial Infarction .....	{ Jack M. Matloff Joel H. Manchester William W. Parmley Barouh Berkovits Edmund H. Sonnenblick Dwight E. Harken
683	The Effect of Glucagon on Arrhythmias Due to Digitalis Toxicity .....	{ Keith E. Cohn Jacob Agmon O. W. Gamble
690	Pre-excitation Revisited .....	{ Dirk Durrer Rein M. Schuilenburg Hein J. J. Wellens
698	Recent Advances in the Treatment of Ectopic Tachycardias by Electrical Pacing .....	{ S. Serge Barold Joseph W. Linhart
707	Albrecht von Haller on Inflammation .....	Saul Jarcho
710	Pulmonary Parenchymal Ossific Nodules in Idiopathic Hypertrophic Subaortic Stenosis .....	{ L. Maximilian Buja William C. Roberts
716	Coronary Arterial-Left Atrial Fistula. Case with Obstruction of the Inferior Vena Cava by a Giant Left Atrium .....	{ Walter L. Floyd W. Glenn Young Irwin S. Johnsrude
723	Balloon Septostomy in Tricuspid Atresia After Infancy .....	{ Cora C. Lenox James R. Zuberbuhler
727	Bradycardia-Dependent Bundle Branch Block. Relation to Supernormal Conduction and Phase 4 Depolarization .....	Norman S. Sarachek
730	Myocardial Infarctectomy .....	George C. Griffith
734	Ventricular Pre-excitation (Wolff-Parkinson-White Syndrome) .....	Raymond D. Pruitt
F-35	College News

# Subject Index Volume 26

July (p 1-106); August (p 107-220); September (p 221-332)  
 October (p 333-444); November (p 445-552); December (p 553-678)  
 E = Editorial; HM = Historical Milestone; LE = Letter to the Editor

## A

- "Abridged Index Medicus" (E), 439
- Abstracts of 20th Annual Scientific Session, American College of Cardiology, 623
- Acetylstrophanthidin and stable left ventricular failure produced by circumflex coronary constriction, 355
- Adrenal cortex secretion and stress, 289
- Adrenergic blocking agents
  - after cardiac surgery, 385
  - for shock, 570
- Aging and coronary calcification, 241
- Alkalosis, extracellular, and metabolic cardiac necrosis, 46
- Alveolar-capillary gas exchange in the shock syndrome, 588
- American College of Cardiology
  - Bust of Dr. Burch presented to Tulane Medical Center, B-49
  - Candidates certified by subspecialty board, A-59, D-59
  - Committees, 1970-71, A-32
  - Continuing medical education, advance programs
  - Calendar of, A-44, B-38, C-16, D-26, E-21
  - Cardiac arrhythmias: a clinical electrophysiologic correlation, E-27
  - Cardiac pacing and cardioversion, B-43
  - Cardiology for the consultant, a clinician's retreat, C-20
  - Clinical manifestations of heart disease, their physiologic basis, C-26
  - Coronary care units and the mobile coronary care unit, B-39
  - John B. Hickam memorial symposium, A-48
  - Long-term prognosis following valve replacement, B-47, E-27
  - Mechanisms and therapy of cardiac arrhythmias, A-53
  - Microcirculation of the heart and lungs, C-17
  - New frontiers in cardiovascular disease, A-56, D-27
  - Perspectives in cardiology, C-24
  - Symposium on cardiovascular nursing, A-49
  - The comprehensive management of acquired valvular heart disease, D-44
  - The failing heart—why?, B-43
  - The physiology of the heart and vascular system, D-48
  - The practicing physician and intensive coronary care, E-30
  - Third annual symposium on clinical cardiology: advances in heart disease 1971
  - Third national conference on coronary care, B-53
  - Vectorcardiography—a workshop, B-42
  - 20th annual scientific session, F-16
    - abstracts of, 623
    - announcement of, A-64, B-56, C-44
  - Dr. Bish joins College staff, B-53
  - Fellowship certificates awarded abroad, B-48
  - Finnish-American society meets, C-41
  - Forrest H. Adams, MD becomes president-elect
  - New members, A-38, E-48
- Obituaries
  - John E. Cox, E-61
  - Chester Hyman, E-61
- Personals, B-53, D-59, E-61
- President's page
  - Man with a heart, D-19
  - Overseas circuit programs, A-29
  - Washington in '71, F-15
  - William D. Nelligan receives ASAE first place award, E-55
  - Young investigator's awards competition, announcement of, A-65, B-57, C-45, D-62
- Amiloride and cardiac necroses, 46, 289
- Aminophylline and pulmonary veins, 56
- Amplitude probability density of normal and abnormal electrocardiogram, 61
- Aneurysm
  - aortic
    - after patch repair of ventricular septal defect, 315
    - with aortic insufficiency, repaired without prostheses, 416
  - of coronary artery, 535
- Angina pectoris
  - and cold exposure, 38
  - in coronary artery disease, 107
  - left ventricular function during (E), 217
  - myocardial revascularization for, 135
- Angiocardiography
  - for intracardiac metastasis of colon carcinoma, 300
  - for tetralogy of Fallot, 25
  - left ventricular, and late mitral insufficiency, 333
- Antiarrhythmic agents (see also specific agent)
  - after cardiac surgery, 385
  - effects of, 520
  - for ventricular arrhythmias related to paired pacing, 52
  - mechanisms of, 512
- Antibiotic agents (see also specific agent)
  - for bacterial endocarditis, 186
  - toxicity, 505
- Antifibrillatory agents, mechanisms of, 512
- Antimicrobial agents and depression of cardiac function, 505
- Aortic regurgitation and congenitally bicuspid aortic valve, 72
- Aortic stenosis, calcific, and congenitally bicuspid aortic valve, 72
- Aortic valve replacement
  - and iatrogenic coronary occlusive disease, 123
  - for severe aortic valve incompetence and rheumatoid spondylitis, 130
  - vs. repair without prosthesis, 416
- Aortic valvular insufficiency corrected without prosthesis, 416
- Apical systolic click and left ventricular abnormality with late mitral insufficiency, 333
- Arrhythmias (see also specific type)
  - accelerated isorhythmic ventricular, 170
  - and myocardial uptake of digitoxin, 365
  - and syncope, 609
  - bundle of His electrograms in analysis of, 324
  - ventricular, related to paired pacing, 52
- Arterial hypertension and correlation between electrocardiographic changes and systemic hemodynamics, 117
- Arterial obstruction and syncope, 609
- Arterial pressure in monitoring of shock, 565
- Ascending aorta synchronized pulsation in treatment of failing heart, 595

Asystole after coronary arteriography (E), 436  
 Atelectasis in the shock syndrome, 588  
 Atherosclerosis, coronary, and calcification of coronary arteries, 241  
 Atrial component of vectorcardiogram, recording of, 165  
 Atrial depolarization and left atrial rhythm, 427  
 Atrial flutter and atrial stimulation, 262  
 Atrial pacing for assessment of ventricular function in coronary artery disease, 107, 207 (E)  
 Atrial septal defect after pulmonary valvotomy, closure of, 540  
 Atrial systole, timing of, and mitral valve closure and first heart sound, 231  
 Atrial tachycardia, atrial stimulation for cardioversion of, 262  
 Atrioventricular block  
   analyzed with bundle of His electrograms, 324  
   in myocardial infarction (LE), 549  
   secondary to trifascicular block, 6  
 Atrioventricular junctional rhythm and right atrial pacing, 427  
 Atrium  
   left, organizing thrombus in, 528  
   right, enlarged after pulmonary valvotomy, 540  
 Automaticity and antiarrhythmic agents, 512

## B

Bacterial endocarditis  
   and patch embolization after repair of ventricular septal defect, 315  
   drug therapy for, 186  
   mimics of, 528  
 Beta adrenergic blocking agents, mechanisms of, 512  
 Biochemical techniques for detecting pheochromocytoma, 270  
 Blood culture in diagnosis of bacterial endocarditis, 186  
 Blood flow, velocity of, and pericarditis, 480  
 Blood gases during shock, 588  
 Book Reviews  
   Digitalis intoxication (Chung), 551  
   Pathophysiology of Congenital Heart Disease (Adams, Swan, Hall, ed), 622  
   The artificial cardiac pacemaker: its history, development and applications (Thalen, van den Berg, van der Heide, Nieven), 552  
   The Heart (Hurst and Logue), 622  
   Treatment of cardiac arrhythmias (Fowler, ed), 551  
 Bretylium and ventricular fibrillation, 52  
 Bronchial arteries, catheterization of, in assessment of pseudotruncus arteriosus, 20  
 Bundle branch block  
   and amplitude probability density recording, 61  
   bilateral, and acute myocardial infarction, 380  
   left, Wenckebach phenomenon in (LE), 550  
   "masquerading", and posterior hemiblock, 6  
   right, in tetralogy of Fallot, 12  
 Bundle of His electrograms for arrhythmia analysis, 324

## C

Calcification  
   of coronary arteries, 241  
   of myocardium, 423  
 Carcinoma  
   of the colon, 300  
   of the rectosigmoid, 300  
 Cardiac amyloidosis, 394

Cardiac catheterization  
   in cor triatriatum, 310  
   in pseudotruncus arteriosus and truncus arteriosus type IV, 20  
   serial postoperative, 34  
 Cardiac dysfunction secondary to cardiac amyloidosis, 394  
 Cardiac function  
   after digitoxin and exercise, 369  
   and monitoring techniques in shock, 565  
   assessed by fiberoptic indicator-dilution technique, 490  
   depressed by streptomycin and other antimicrobial agents, 505  
 Cardiac herniation in congenital absence of pericardium, 466  
 Cardiac hypertrophy after digitoxin and exercise, 369  
 Cardiac necrosis  
   during stress, 289  
   metabolic, and electrolyte disturbances, 46  
 Cardiac tamponade  
   and pericardial constriction (E), 546  
   hemodynamics of, 480  
   in cardiac metastasis, 300  
   medical history of, 447  
 Cardiac tumors and syncope, 609  
 Cardiac work and cold exposure, 38  
 Cardiogenic shock (see also Shock and Symposium on Shock and Syncope)  
   bretylium and, 52  
   circulatory assist for, 595  
 Cardiomyopathies  
   and amplitude probability density recording, 61  
   and amyloidosis, 394  
   classification of (E), 438  
 Cardiovascular disease  
   and stress, 289  
   drug therapy for, 186, 280, 385, 512  
 Cardiovascular drugs after cardiac surgery, 385  
 Cardioversion of atrial tachycardia and flutter by atrial stimulation, 262  
 Carotid pulse tracing and left ventricular ejection times, 238  
 Carotid sinus  
   nerve stimulation (E), 328  
   syncope, 609  
 Catecholamine metabolism and tumors of neural crest, 270  
 Catheter tip velocity meter and hemodynamics of cardiac tamponade and constrictive pericarditis, 480  
 Central venous pressure in shock, monitoring of, 565  
 Cerebral arteriovenous fistula and congestive heart failure in the newborn, 409  
 Cerebral stroke, management of (E), 544  
 Chlorothalidone for hypertension, 258  
 Cineangiography  
   and left ventricle during systole, 221  
   for cor triatriatum, 310  
 Circulatory assist for the failing heart, 595  
 Circus movement and atrial flutter, 262  
 Clinical profile of shock after acute myocardial infarction, 556  
 Clonidine in treatment of hypertension, 258  
 Cold air breathing, hemodynamic responses to, 38  
 Collateral vessel development after coronary occlusion, 156  
 Colon carcinoma, intracardiac metastasis of, 300  
 Conduction  
   aberrant, and bundle of His electrograms, 324  
   and antiarrhythmic agents, 512  
   concealed, and cardioversion of atrial tachycardia, 262  
 Congenital absence of pericardium, 466  
 Congenital anomaly in left ventricular myocardium and late mitral insufficiency, 333

Congenital coronary fistula, 535  
 Congestive heart failure  
   and cardiac amyloidosis, 394  
   eye signs in, 351  
   in newborn, 409  
 Constrictive pericarditis (see also Pericarditis and Symposium on Pericardial Disease)  
   and left ventricular function studies after pericardiectomy, 319  
   hemodynamics of, 480  
   medical history of, 447  
 Continuous positive pressure breathing in treatment of shock, 588  
 Contractile state of intact human heart, quantification of, 248  
 Coronary arteriography  
   and right coronary arterial occlusion, 156  
   left intraventricular hemiblock resulting from, 1  
   safety of (E), 436  
 Coronary artery  
   and left ventricular movement during systole, 221  
   calcification of, 241  
   circumflex, occlusion of, and anterior wall myocardial infarction, 355  
   congenital anomalies of, 535  
   -coronary sinus fistula, 535  
   disease  
     assessment of ventricular function in, 107  
     myocardial revascularization for, 135  
   left anterior descending  
     in experimental myocardial infarction, 355  
     occlusion of, 156  
   occlusive disease and prosthetic heart valve, 123  
   right, occlusion of, 156  
 Coronary atherosclerosis and calcification of coronary arteries, 241  
 Coronary collaterals and coronary arterial occlusion, 355  
 Coronary embolus and prosthetic heart valve, 123  
 Coronary insufficiency and acute pulmonary edema, 355  
 Coronary ischemia and myocardial infarction, 355  
 Coronary sinus, pacemaker stimulation of, and left atrial rhythm, 427  
 Cor triatriatum, preoperative diagnosis, 310  
 Coumarin in pregnancy (LE), 443  
 Counterpulsation in treatment of failing heart, 595  
 Cyanosis after pulmonary valvotomy, 540  
 Cystic medial necrosis and repair of aortic aneurysm without prosthesis, 416

## D

Diastolic augmentation of aortic pressure in treatment of failing heart, 595  
 Digitalis  
   after cardiac surgery, 385  
   and cardioversion by atrial stimulation, 262  
   and pulmonary veins, 56  
   and ultrastructural myocardial changes in rats subjected to chronic exercise, 369  
   assay method, 162  
   contraindicated in cardiac amyloidosis, 394  
   direct coronary arterial administration of, 365  
   levels in plasma and serial left ventricular ejection times, 162  
   myocardial uptake of, 365  
   prophylactic use of (E), 214  
 Diphenylhydantoin, mechanisms of, 512

Diuretic agents (see specific agent)  
 Dopamine in detection of pheochromocytoma, 270  
 Double-blind control study of antiarrhythmic agents, 520

## E

Ebstein's malformation and traumatic tricuspid insufficiency, 196  
 Echocardiography in diagnosis of pericardial effusion, 475  
 Editorials  
   A classification for the cardiomyopathies, 438  
   A tool for keeping up with the literature—"Abridged Index Medicus," 439  
   Carotid sinus nerve stimulation, 328  
   Coronary arteriography. A safe diagnostic procedure, 436  
   Management of the cerebral stroke: a case of mistaken fatalism, 544  
   Pericardial constriction versus cardiac tamponade, 546  
   Pulmonary arterial banding, 441  
   Quantification of myocardial contractility, 331  
   Recurrent symptoms after surgery for mitral stenosis, 219  
   Some thoughts concerning the prophylactic use of digitalis, 214  
   The adult acute respiratory insufficiency syndrome following nonthoracic trauma: the lung in shock, 619  
   The mechanism of paroxysmal atrial tachycardia, 329  
   Use of atrial pacing and exercise in studying ventricular function during angina, 217  
 Effective refractory period and antiarrhythmic agents, 512  
 Ejection fraction during exercise and isoproterenol infusion, 490  
 Ejection time, left ventricular  
   and isovolumic contraction, 238  
   and plasma digitoxin levels, 162  
 Electrical alternans  
   and pericardial effusion, 475  
   in pericardial disease, 471  
 Electrical stimulation of right atrium for atrial tachycardia and flutter, 262  
 Electrocardiogram  
   abnormal, and left ventricular abnormality with late mitral insufficiency, 333  
   after myocardial revascularization, 135  
   amplitude probability density of, 61  
   exercise and drug therapy, 84  
   in arterial hypertension, 117  
   in cardiac amyloidosis, 394  
   in endocardial cushion defects, 12  
   in left intraventricular hemiblock, 1  
   in pericarditis, 471  
   scalar, in left atrial rhythm simulated by right atrial pacing, 427  
 Electrocardiographic monitoring, automatic, 375  
 Electrogram, bundle of His, in analysis of arrhythmias, 324  
 Electrolyte disturbances and metabolic cardiac necrosis, 46  
 Electromagnetic flowmeter and hemodynamics of cardiac tamponade and constrictive pericarditis, 480  
 End-diastolic volume during exercise and isoproterenol infusion, 490  
 Endocardial cushion defect

- 99m technetium pertechnetate in diagnosis of intracardiac metastasis of colon carcinoma, 300

## O

- Occlusive infantile arteriopathy, 305
- "Overdrive pacing" and cardioversion of atrial tachycardia, 262

## P

- Pacemaker electrodes inducing thrombosis in superior vena cava, 205
- Pacing
  - angina produced by (E), 217
  - artificial, and atrioventricular block secondary to trifascicular block, 6
  - atrial, in study of coronary artery disease, 107
  - coronary sinus, masquerading as interventricular septal perforation (LE), 547, 548
  - paired, ventricular arrhythmias related to, 52
  - permanent endocardiac, thrombosis after, 205

# SUBJECT INDEX

## Pacing

- right atrial, and simulation of "left atrial rhythm", 427
- temporary transvenous, in complete heart block, 380

PaO<sub>2</sub> in the shock syndrome, 588

Paroxysmal atrial tachycardia (E), 329

Patch repair of ventricular septal defect, 315

Patent foramen ovale

- closure of
  - after pulmonary valvotomy, 540
  - during right heart catheterization, 200
- with Ebstein's malformation and traumatic tricuspid insufficiency, 196

## Pediatric cardiology

- closure of ventricular septal defect and removal of pulmonary arterial band, 345, 441 (E)
- congenital anomaly in left ventricular myocardium, 333
- congestive heart failure in the newborn infant, 409
- cor triatriatum, preoperative diagnosis of, 310
- idiopathic infantile arterial calcification, 305
- pseudotruncus arteriosus and truncus arteriosus type IV, 20
- pulmonary artery banding, 345, 441 (E)
- tetralogy of Fallot, underdevelopment of pulmonary infundibulum, 25
- valvotomy for pulmonary stenosis, 540

Penicillin in bacterial endocarditis, 186

Pericardial constriction vs. cardiac tamponade (E), 546

Pericardial disease

- (see also Symposium on Pericardial Disease)
- electrocardiogram in, 471

Pericardial effusion, echocardiographic diagnosis of, 475

Pericarditis

- (see also Constrictive pericarditis and Symposium on Pericardial Disease)
- electrocardiogram in, 471
- medical history of, 447

Pericardium

- Galen on surgery of (HM), 524
- left, congenital absence of, 466
- medical history of, 447
- normal, 455

Pharmacodynamics and clinical use of cardiovascular drugs after cardiac surgery, 385

Pheochromocytoma, biochemical techniques for detecting, 270

Phonocardiography and left ventricular ejection times, 238

Phosphate therapy for metastatic calcification of myocardium, 423

Phosphopyruvate transphosphorylase in acute myocardial infarction, 143

Physiologic principles in application of circulatory assist for the failing heart, 595

Placental transfusion syndrome and congestive heart failure in the newborn infant, 409

Potassium depletion, cardiac, 46

Potassium-sparing agents and cardiac necroses, 289

Procainamide, antiarrhythmic effects of, 520

Prognostic indicators in shock after acute myocardial infarction, 556

Propranolol and prevention of ventricular fibrillation, 52

P s E loop, effects of respiration on, 165

Pseudotruncus arteriosus, catheterization for, 20

Pulmonary artery

- banding of 345, 441 (E),
- catheterization of, to assess pseudotruncus arteriosus, 20
- dilatation of, in congenital absence of pericardium, 466

Pulmonary edema and left ventricular failure due to coronary insufficiency, 355

## Pulmonary embolism

- complicating endocardiac pacing, 205
- experimental, increased serum creatine phosphokinase activity in, 151

## Pulmonary hypertension

- pulmonary arterial banding for, 345
- serum creatine phosphokinase activity in, 151

Pulmonary infundibulum, underdevelopment of, and tetralogy of Fallot, 25

## Pulmonary stenosis

- after pulmonary arterial banding, 345
- and cyanosis, interatrial communication and inadequate right ventricular distensibility after pulmonary valvotomy, 540
- Pulmonary valvotomy for isolated pulmonary valvular stenosis, 540

Pulmonary valvular cusps, thickening of, after pulmonary arterial banding, 345

Pulmonary veins, effect of pharmacologic agents on, 56

Pulmonary venous obstruction in contracted form of endocardial fibroelastosis, 208

P wave inversion and left atrial rhythm, 427

Pyelonephritis and hypertension, 280

Pyruvate kinase in acute myocardial infarction, 143

# Q

## Quinidine

- and prevention of ventricular fibrillation, 52
- antiarrhythmic effects of, 520

QRS complex and complete heart block with acute myocardial infarction, 380

# R

Radiographic appearance of tracheobronchial tree as an indicator of visceral situs, 432

Radioisotopic study of intracardiac metastasis of colon carcinoma, 300

## Reentry

- and bundle of His electrograms, 324
- and cardioversion of atrial tachycardia, 262

Renal artery stenosis and hypertension, 280

Renal cyst and hypertension, 280

Renal tumor and hypertension, 280

Renografin 60 in coronary arteriography (E), 436

Respiratory insufficiency syndrome (E), 619

Restenosis of mitral valve, 34

Rheumatic heart disease and muscular apparatus of mitral valve, 341

Rheumatoid arthritis and aortic valve insufficiency, 130

Rheumatoid spondylitis and severe aortic valve incompetence, aortic valve replacement for, 130

Roentgenographic study of intracardiac metastasis of colon carcinoma, 300

# S

Salmonella endocarditis complicated by myocardial abscess, 102

Seminar in Drug Therapy of Cardiovascular Disease

Comparative mechanisms of antiarrhythmic drugs, 512

Management of bacterial endocarditis, 1970, 186  
 Management of hypertension of renal origin, 280

 Thyrotoxicosis and exophthalmos and stare, 351  
 Tolazoline and pulmonary veins, 56  
 Tracheobronchial tree, radiographic appearance of, as an indicator of visceral situs, 432  
 Trauma  
   nonpenetrating cardiac, transmural myocardial necrosis after, 419  
   nonthoracic, adult acute respiratory insufficiency syndrome after (E), 619  
 Triamterene and cardiac necroses, 289  
 Tricuspid insufficiency, traumatic, prosthetic valve replacement for, 196, 200  
 Tricuspid regurgitation and systolic propulsion of eyeballs, 351  
 Trifascicular block  
   during coronary arteriography, 1  
   treated by artificial pacing, 6  
 Truncus arteriosus type IV, catheterization in assessment of, 20

# SUBJECT INDEX

## T wave

- abnormal, in pericardial disease, 471
- automatic monitoring of, 375
- in post-exercise electrocardiogram, 84

## U

### Ultrasound recording

- in diagnosis of pericardial effusion, 475
- of mitral valve, 231

Ultrastructure of myocardium after digitoxin and exercise, 369

Urinary output in shock, monitoring of, 565

## V

### Valve

- congenital bicuspid aortic, 72
- prosthetic
  - and ankylosing spondylitis, 130
  - and iatrogenic coronary occlusive disease, 123
  - endocarditis affecting, 186
  - for traumatic tricuspid insufficiency, 196, 200

Vancomycin and depression of cardiac function, 505

Vanillylmandelic acid in detection of pheochromocytoma, 270

Vasoactive agents in shock, 570

Vectorcardiogram, normal atrial, influence of recording technique on, 165

Velocity of blood flow and cardiac tamponade and constrictive pericarditis, 480

Venoarterial pulsatile partial bypass for failing heart, 595

Venous capacitance during cardiogenic shock, changes in, 613

Venous pressure and intraocular pressure in congestive heart failure, 351

Venous return, decreased, and cardiogenic shock, 613

### Ventricle

#### left

- function of, in coronary artery disease, 107
- in contracted form of endocardial fibroelastosis, 208
- quantification of contractility of, 248
- shape and movements of, during systole, 221

#### right

- double-outlet, and tetralogy of Fallot, 93
- hypertrophy of, after pulmonary valvotomy, 540
- inadequate distensibility of, after pulmonary valvotomy, 540

infarction of, after coronary arterial occlusion, 156

Ventricular extrasystoles treated by antiarrhythmic agents, 520

Ventricular fibrillation

- after coronary arteriography (E), 436
- pacer-induced, 52

Ventricular function in coronary artery disease, 107

Ventricular pressure, rate of rise and myocardial contractility, 248

Ventricular rhythms, accelerated isorhythmic, 170

Ventricular septal defect

- closure of, 345
- spontaneous, 93
- "patch embolization" after repair of, 315

Visceral situs, determination of, 432

## W

Wenckebach phenomenon in left bundle branch block (LE), 550
